WAYFINDER

V700

Automatic dual modes ...the freedom to wander.

Use the Wayfinder V700 while driving through the back roads, then slip it out of the cradle for hiking. In either situation you'll be sure to find your way home with the only compass that automatically switches between vehicle and hand-held use. When placed in its cradle, the Wayfinder V700 corrects for your vehicle's magnetic field. Outside your vehicle it

automatically switches into hand-held mode. The Wayfinder V700 offers a compass rose and 8 cardinal points to find general direction, as well as a numeric 5° digital readout for more precise headings. The holographic display is bright, crisp, and clear. At night, a bright backlight illuminates the display to ensure clear viewing. Includes batteries and 12 volt adapter.

Automatic Dual Modes

Switches automatically between vehicle and handheld modes

Holographic LCD Display

Intense holographic LCD is easy to read in bright sunlight

3-Mode Compass Display

Shows direction with compass rose, 8 different cardinal points and 5° numeric digits

Battery Or 12-Volt Adapter

Operates on two AAA batteries for over 200 hours or with a power adapter for vehicle use (both included)

Patented Technology

Utilizes the same technology as GM, Ford and Chrysler vehicles

Smart Shut-Off

Turns off automatically when vehicle is parked for ten minutes

Bright Backlight

Illuminates the entire LCD screen for easy viewing at night

Compact Size

* 2.5"x 2.5"x 1"
* 3.0 oz

From The Arctic To The Tropics
